The President,

The University of Toronto

Dear Sir,

I should be very much obliged if you could send me a certificate of good conduct covering the time I was at the University (in the school of science) I graduated last May. My brother Gerald Eastwood completed his second year last May, also in the school of science & I would be very glad if you could send a similar certificate for him. We have to produce these without applications for Officers' Commissions, which we wish to get as soon as possible.

Yours faithfully,

Yours truly,

Richard Eastwood.

FACULTY OF APPLIED SCIENCE AND ENGINEERING

TORONTO, CANADA Jan. 25, 1915.

The President,

University of Toronto.

Dear Mr. President:-

The following is a memo regarding Mr. G. R. Dashwood and Mr. R. Dashwood.

Mr. Richard Dashwood was admitted to the second year in 1910-11 on certificates from the Kensington Central College of Engineering. He completed his course last June with an excellent record throughout, taking honours in each year. His brother Mr. Gerald Raikes Dashwood was admitted to the first year in 1912-13 with deficiencies in Physics, Chemistry and Mathematics. These conditions were automatically fulfilled by his excellent standing in the first year, in which he obtained honours. In his second year, completed last May, he did not obtain honours but his record is very good. They were both in Civil Engineering.

I had rather intimate acquaintance with these young men and consider them most exemplary in every respect.

Yours truly,

A. T. Laing
Secretary.
